(SURPLUS STORES.)

Simla, the 24th April 1924.

RESOLUTION.

The work connected with the disposal of surplus stores on behalf of His Majesty's Government (Disposal and Liquidation Commission) is now being closed down. The work was started in 1919 by the establishment of an organization for the disposal of surplus textile stores, and the organization was expanded from time to time to meet changing requirements, until it eventually comprised a staff which dealt with the disposal not only of textiles but of engineering stores, medical stores, food-stuffs, and numerous other stores of a miscellaneous character. Three main depôts for the sale of stores were established, namely at Bombay, Calcutta and Lahore; each of these depôts was in charge of a Controller of Sales under the authority of the Chief Controller (Surplus Stores); the Controllers of Sales and their staffs were assisted by Sales Committees, composed of non-official gentlemen who assisted the Controllers with their advice in the pricing of the stores, and in the methods of disposal. In regard to textile piece-goods and yarn, Mr. N. B. Saklatwala, C.I.E., of Messrs. Tata Sons, Limited, acted as Honorary Adviser to the Surplus Stores Organization from its commencement in 1919 until April 1922, when the disposal of textiles had so advanced, and the work in which his assistance was required had so diminished, that, on Mr. Saklatwala's own suggestion, he was relieved of his duties. The total sales effected at the three centres realized a sum of over eight crores of rupees.

2. Now that the work has been completed and the depôts have been closed, the Government of India desire to place on record their acknowledgment of the valuable help rendered by the non-official gentlemen, who placed their services at the disposal of Government, and the public spirit with which they devoted so much of their time to the work. They desire in particular to convey their appreciation of the assistance rendered by Mr. Saklatwala in the disposal of textile stores, and by the non-official gentlemen named below who served on the Sales Committees for a prolonged period :—

R. Hall, Esq.	}	Lahore.
The Hon'ble Rai Bahadur Ram Saran Dass, C.I.E.		
A. E. Paul, Esq., B.A., A.M.I.C.E.		
Rai Bahadur Milkhi Ram, C.I.E.		
P. Ross-Redding, Esq.		
J. Rustonji, Esq.		

They also wish to acknowledge the valuable help rendered by Colonel G. H. Willis, C.I.E., M.V.O., R.E., M.I.M.E., Master of the Mint, Bombay, who was for a long time Chairman of the Sales Committee in that centre.

3. The initial organisation of the operations connected with the sale of surplus stores was effected by Sir Ernest Low, K.C.I.E., who held the office of Chief Controller till January 1921 when he proceeded on leave. The main burden has fallen on his successor Mr. A. H. Ley, C.I.E. The tact, judgment and experience which Mr. Ley brought to his difficult task and his great industry have in the opinion of the Government of India contributed materially to the success of the operations and their expeditious termination.

The Chief Controller (Surplus Stores), in conveying his appreciation of the services of the official staff under his control, has brought to the particular attention of Government the valuable work done by Mr. D. E. Keatinge, one time Controller of Sales, Lahore, Controller of Sales, Calcutta, and lately Deputy Chief Controller (Surplus Stores), and by Mr. P. N. Mukherji, Controller of Surplus Stores Accounts. The Government of India have noticed with pleasure his appreciation of their services.

ORDERED that a copy of the Resolution be forwarded to the Financial Adviser, Secretary to the Government, the Auditor-General, the Military Accountant-General and the Accountant-General, Central Revenues; and that a copy be published in the Supplement to the Gazette for general information.

also that a copy of the Resolution be forwarded to all the gentlemen men-

Examination with Physics and Chemistry. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (a) Female students will be admitted to the College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay fee within a week from the date of the publication of their results, otherwise their prior claim lapses.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. 18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years, either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammdan students they are allowed to make their own messing arrangements.

- (a) A sound knowledge of elementary arithmetic.
- (b) Ability to write simple English and vernacular.
- (c) Fitness for arduous field-work.

NOTE.—Preference will be given to those who have passed the Matriculation Examination or received higher education.

After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

STATEMENT OF OBJECTS AND REASONS.

The Court-fees Act, 1870, has been in force for over fifty years and there are anomalies and defects in it, which are a source of conflicting decisions and inconvenience to litigants. Accordingly in August, 1916, the Government of India addressed the Local Governments, proposing certain amendments in the Act and asking for suggestions. No immediate action however was taken by the Government on the opinions received.

In 1920, under the Devolution Rules, "Judicial Stamps" became a reserved subject; and in 1922 and 1923 eight local Legislatures amended the Schedules to the Act and also certain provisions in the Act itself, in order to raise additional revenue. The need for an amending Act in the Indian Legislature to deal with the procedure, principle and methods of realising fees has, however, not decreased, but on the contrary has become the more urgent as it is desirable as far as possible to co-ordinate the law prevailing in the different Provinces. The Government of India therefore again addressed the Local Governments in 1923 and received further suggestions from them.

In accordance with the replies received, it was decided to proceed with legislation on the abovementioned lines in the Indian Legislature. The object of the Bill is to revise the whole Act and bring it up to date. Its object is not to increase the provincial revenue from court fees, though possibly the removal of some of the existing anomalies may secure some slight increase. Several amendments which have been recently passed in the Madras Legislative Council and other local Legislatures are incorporated with slight alterations in the Bill.

The First and Second Schedules to the Act have not been amended, except in so far as they deal with Probate, Letters of Administration and Succession Certificates; and paragraph V of section 7, which is concerned with the valuation of immoveable property, has also, except in one comparatively unimportant particular, been left untouched. The main alterations proposed in the Bill are extensive changes in the remaining provisions of section 7 and the entire redrafting of the existing Chapter III A, which deals with Probates and Letters of Administration. It is also proposed to equalise the fees on application for Probates, Letters of Administration and Succession Certificates throughout India. The main provisions are explained in the following Notes on Clauses:—

Notes on Clauses.

Clause 2.—The definition of "Chief Controlling Revenue authority" is brought up to date.

"Memorandum of appeal" is defined as including a memorandum of cross-objection. This follows section 19(2) of Madras Act V of 1922, and is designed to meet the hardship mentioned in *Lakshmi versus Ram Kishan* (I. L. R., 4 All., p. 33).

"Suit" is defined as including an appeal. This is not intended to change the law on the subject, but to confirm the view adopted in *Sangat Bakshi Singh versus Rawat Dileep Baksh* (25 Oudh Cases, p. 30) and *Dyal Singh versus Ram Rakha* (15 Indian Cases, p. 463). There are still conflicting decisions on the point.

Clause 7 (a).—The amendment is designed to show that, in an appeal by a defendant, court-fee is payable on interest from the date of the presentation of the plaint to the date of the decree (and not beyond that date), and in an appeal by the plaintiff, on any additional interest claimed by him. There are conflicting decisions in respect of the words "amount claimed".

Clause 7 (b) and first part of clause 7 (c).—It is agreed that paragraph iv of section 7, which deals with cases in which the plaintiff is allowed to value the relief sought, is very unsatisfactory. The provisions in these clauses include:—

(a) one based on that which was contained in section 2 (b) of Bombay Act I of 1922, namely, that relief should be valued at not less than Rs. 200 in all cases falling under this paragraph;

(b) another based on that contained in section 6 of Madras Act V of 1922, namely, that, in suits for a declaratory decree where consequential relief is prayed and which relate to immoveable property, the fee shall be calculated on not less than one-half the computed value of the property;

(c) another that in a suit for accounts, where the decree is in accordance with the plaint, the defendant, if he appeals, shall not be allowed to put his own valuation on the memorandum of appeal. This follows the decision in *Dhupati versus Perindevanma* (I. L. R. 39 Mad., p. 725), as opposed to the ruling of the Allahabad High Court in *Kanhaiya versus Seth Ban* (I. L. R. 44 All., p. 542); and

other indicating that sub-clause (b) of paragraph iv relates to a case in which some person applying for the partition of joint family property, etc., is not a further paragraph iv, included in clause 7 (c), it is provided that, if a person to be a co-parcener is denied, the person shall pay fee on the share as follows generally the lines of the rulings of the Calcutta and Allahabad as opposed to the rulings of the Madras High Court.

Part of clause 7 (c). This deals with suits for the cancellation of decrees. In cases will be based on the value of the property in question. This provision follows section 7 of Madras Act V of 1922.

Clause 7 (d).—This amendment deals with suits for pre-emption, and is intended to equalise the fee in the case of "*Daryao Singh versus Bharat Singh*" (I. L. R. 32 Cal.). The intention is that the fee should be computed on the market-value of the property, when, for instance, the property is subject to a heavy mortgage and the suit is only for the equity of redemption.

Clause 7 (f).—Paragraph viii has been redrafted so as to indicate that in suits to set aside an attachment and also in suits under Rule 63 of Order XXI in the Code of Civil Procedure, a fee should be paid according to the value of the attached property or the amount for which the property was attached, whichever is less. (Cf. the Privy Council ruling I. L. R. 35 Cal., p. 202.)

Clause 7(g).—It is generally recognised that a change is necessary in paragraph ix of section 7, which deals with suits for redemption and foreclosure. Amendments have been made accordingly both by the United Provinces and the Central Provinces Legislative Councils. The provision in the Bill is based on section 4 of the Central Provinces Act I of 1923. A fee computed merely on the principal money is quite inadequate in suits for foreclosure.

Clause 8.—The intention of this clause is that the amount at which the plaintiff may value his relief shall not be arbitrary, and that the Court in which the suit or memorandum of appeal is filed shall be able at any stage of the suit or appeal, as the case may be, to check the valuation and to direct that additional fee shall be paid, failing which the part of the suit in question shall be dismissed. There have been conflicting rulings in respect of the power of the Courts to check the valuation and to demand additional fees.

Clause 9.—It has been found by experience that very exorbitant claims are made in references in land acquisition cases, because no fee is charged on such references. The proposal in this clause is designed merely to discourage exorbitant claims. No fee will be charged except in cases where the amount claimed exceeds double the amount subsequently awarded by the Court. The provision regarding appeals in such cases remains unchanged. The proposal in this clause involves the amendment of paragraph xxii of section 19.

Clause 11.—Section 11 has been redrafted in order to increase its scope, and to show that the fee is payable on the additional mesne profits found, for example, in a final decree under rule 12 (2) of Order XX in the Code of Civil Procedure. The second paragraph of section 11, which is obsolete, is omitted.

Clause 12.—This amendment makes it clear that the fee payable under section (1) of section 12 does not apply to cases in which the classification of the suit is not correct. There have been conflicting rulings on this point.

Clause 13.—Section 17 regarding multifarious suits has occasioned considerable difficulty, especially in respect of the words "distinct subjects." The section has been redrafted in order to deal with this difficulty. For "distinct subjects" the words "separate and distinct causes of action" have been substituted.

By *Clause 14* a new Chapter IV, regarding Probates and Letters of Administration, has been inserted in the Act in the place of the existing Chapter III A, which has proved to be unsatisfactory. The new Chapter is based on the existing Chapter, but the order of the sections has been changed, and several additions have been made, particularly in new sections 19C, 19F and 19G. The existing provisions were introduced partly in 1875 and partly in 1899, and the two parts of the Chapter do not appear to have been properly co-ordinated.

The more important changes made are mentioned briefly below :—

New section 19A is based on the first part of existing section 19H. Except, in regard to the penalty under new section 19G action is to be taken in this Chapter by the Collector and not by the Chief Controlling Revenue authority. It is provided, therefore, in new section 19A that the High Court (as well as other Courts) shall send intimation direct to the Collector.

New section 19B enables the Collector to summon witnesses and compel the production of documents, as required.

New section 19C describes the circumstances in which probate may be granted. It provides for the grant of probate in certain cases before the fee on the net value of the estate has been actually paid; and also lays down that no fee shall be paid on trust property. The fee is to be calculated on the value of the estate of a deceased person at the time of his death, except when the application for probate is made more than a year after the death of the deceased, in which case it is to be calculated on the value at the date of application owing to the difficulty of ascertaining the value at the date of death. In view of the above concession, six per cent. simple interest on such fee is also to be paid in all cases from the date of death to the date of payment. The section further lays down that a member of a joint Hindu family under Mitakshara Law, who is a co-sharer, must pay fee on Rs. A

probate in respect of the estate of a deceased co-sharer, must pay fee on Rs. A the deceased; there have been conflicting rulings on this point, and the proposal is generally accepted by the members of the Hindu community consulted. provision in the section is that full deductions under Annexure B from the estate shall be made only when the application is for probate of the whole estate.

New section 19D is based on the latter part of existing section 19H; but it provides that, instead of the Collector moving the Court, the applicant himself may, if he so desires, move the Court to make an inquiry as to the value of the estate. Sub-section (2) provides that the Court may pass orders regarding the costs of an inquiry.

New section 19E is the existing section 19C.

New sections 19F and 19G correspond fairly closely with existing sections 19E and 19F. They deal with the cases where the valuation on which fee has been paid is afterwards found to be incorrect. Similar provisions have been made for the two cases, namely, the case where too much was paid at first and the case where too little was paid at first. The stringency of the law contained in the existing section 19E has been considerably modified; and the only penalty imposed upon a person who has paid too low a fee in the first instance, unless he contumaciously refuses to pay the balance of fee due from him, will be an additional six per cent. simple interest on the balance. A tim

limit of three years has been included, alike in the case where too little and where too much was first paid. The procedure for remission, if too high a fee has been paid, is simplified.

New sections 19H and 19I follow existing sections 19J and 19K with minor alterations.

Existing sections 19B, 19D, 19F and 19G, which are no longer required, are omitted.

Clause 17.—This includes a provision based on section 149 of the Code of Civil Procedure, as it is considered more appropriate to include it in the Court-fees Act than in the Code of Civil Procedure. Section 149 of the Code of Civil Procedure is repealed by the Third Schedule.

Clause 18.—This brings into two sections the rule-making provisions, which are now scattered over seven sections in four different Chapters of the existing Act, namely, sections 19, 20, 21, 22, 23, 27 and 34. Chapter IV and sections 27 and 34 are accordingly repealed.

Additional rule-making powers are accorded in new section 30B with reference to the granting of an allowance for used, damaged or spoiled stamps. Sub-section 3) of this section is based on section 53 of the Indian Stamp Act, 1899.

Clause 19. This extends the powers of Local Governments to reduce or remit fees.

Clauses 20 and 21.—These clauses amongst other alterations substitute for Articles 11 and 12A of the First Schedule of the Court-fees Act, 1870, a new Fourth Schedule dealing with the fees to be paid for Probates, Letters of Administration, and Succession Certificates. The object of these amendments is that there should be a uniform rate of fees for probates, &c., throughout India. It has been brought to the notice of the Government of India that certain difficulties are arising from the different fees now leviable. It is pointed out by the High Court of Calcutta that "in the case of Probate and Administration, it would be advantageous if the rates could be kept uniform throughout India, and it is a matter for consideration whether the Central Legislature might not properly be asked to take measures to ensure such uniformity." Probate in certain cases extends to the whole of India, and it is, therefore, desirable that the rate of fees for probates should be the same throughout India. The provisions of the last paragraph of section 99 of the Probate and Administration Act, 1881, also point to the same conclusion. The provisions contained in the Bill apply the rates in force in Bengal, which rates are also enforced in Bihar and Orissa, and in Assam, to the whole of India, except in the case of Succession Certificates, where the uniform rate proposed will probably secure a less revenue than in the case of the Bengal rate.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 25th March 1924:—

No. 22 OF 1924.

A Bill to validate certain insufficiently and incorrectly stamped instruments.

WHEREAS it is expedient to make provision for validating certain insufficiently and incorrectly stamped instruments; it is hereby enacted as follows:—

Short title,
extent and com-
mencement.

1. (1) This Act may be called the *Invalidating Act, 1924*; (2) It extends to the whole of British India, including British Baluchistan, the Southal Parganas and the Pargana of Spiti; and (3) It shall come into force on the 1st October 1923.

Definitions

2. In this Act, unless there is something repugnant in the subject or context,—

(a) 'the old Act' means the Indian Stamp Act, 1899.

11 of 1899

(b) 'the new Act' means the Indian Stamp (Amendment) Act, 1923.

XLIII of 1923

(c) 'instruments' means promissory notes as defined by section 2 (22) of the old Act and also the documents mentioned in Articles No. 19, No. 36, No. 37 and No. 52 of Schedule I to the old Act.

(d) 'incorrectly stamped' means not stamped with stamps of the proper denomination.

Saving of ins-
truments insuffi-
ciently stamped

3. Notwithstanding the provisions contained in the new Act instruments executed on or before the thirty-first day of December, 1923, and validly stamped in accordance with the provisions of the old Act shall not be invalid or inadmissible in evidence by reason only of their being insufficiently or incorrectly stamped under the new Act.

Rs.

Insufficiently
stamped instru-
ments to be
deemed duly
stamped under
the new Act.

4. The instruments mentioned in section 3 above shall be admitted in evidence for any purpose by any person having by law or consent of parties authority to receive evidence, and shall be acted upon, registered or authenticated by any such person or by any public officer, as if they were duly stamped under the new Act.

STATEMENT OF OBJECTS AND REASONS.

The Indian Stamp (Amendment) Act of 1923 is said to have received the assent of the Governor General on the 1st October 1923. The Act was, however, published in the Gazette of India only on the 6th October and in the Fort Saint George Gazette on the 16th October 1923. It is not stated definitely when the Act comes into operation. Under section 5 (1) of the General Clauses Act, 1897, it would, therefore, come into operation on the day on which it received the assent of the Governor General. Documents executed between the 1st and the 16th October would in all probability have been stamped under

the old Act. A suit to enforce such promissory notes for more than Rs. 250 and executed between these two dates would be unsustainable as the document could not be put in evidence and stamp penalty could not be levied therefor. (*Vide* sections 35, 40 and 41 of the Stamp Act.) Such cases would result in serious hardship, and it is proper that legislative sanction must be given to such documents. It is but reasonable that some time must be allowed to elapse before the public can be expected to become aware of the provisions of the Amending Act. The object of this Bill is, therefore, to validate all such documents executed before the 31st December 1923, provided they are validly stamped under the old Act. Provision is also made in the Bill to validate such documents executed before the 31st December 1923, even if they are not stamped with stamps of the proper denominations as required by the rules made under the Amending Act.

Short title and commencement.

1. (1) This Act may be called the Indian Evidence (Amendment) Act, 1924.

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of section 68, Act of 1872.

2. To section 68 of the Indian Evidence Act, 1872, the following *Explanation* shall be added, namely :—

“Explanation.—Proof of execution under this section may be presumed to have been made where the attester proves his presence at the execution or the acknowledgment thereof by the executant.”

STATEMENT OF OBJECTS AND REASONS.

In 35 Madras 607 the Privy Council have decided that the word “attested” within the meaning of section 59 of the Transfer of Property Act, means actual seeing of the execution by the attester. Section 68 of the Evidence Act gives the mode of proof to be given of documents that require by law to be attested. The decision of the Privy Council has caused considerable difficulty in administering justice when a party is *ex parte* or admits execution, if the attestors are gained over. A Bill to amend section 114 of the Indian Evidence Act to serve the end in view was opposed by the Government on 21st February 1924 as not suitable and disallowed. But it was commonly felt that a remedy for this state of things was necessary. The previous attempts have not been fruitful also. It is proper that the needed amendment must be made to section 59 of the Transfer of Property Act or section 68 or section 114 of the Indian Evidence Act. It is submitted that though the substantive law may continue as before, the proof needed may be modified so as to give scope for justice being rendered where formal impediments stand in the way. Difficulties have arisen in enforcing documents offered to give property security. The Bill is intended to serve the ends of justice.

The scope and principle of the Bill is to find the suitable amendment. It is noted that in section 59 of the Transfer of Property Act the words used are “the mortgagor and attested”.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1923-24.

(NOTE.—On an average of the five years ending 1921-22, the area under linseed in Bengal has represented some 5·4 per cent, and that under rape and mustard 17·5 per cent, of the total areas under these crops in British India.)

Character of the season.—As indicated in preceding forecasts, the weather was generally favourable at the outset, but subsequently the crop was damaged by a long spell of drought which considerably reduced the outturn in many districts. On the whole the season has been an unfavourable one.

Acresage.—The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 882,500 acres this year as against 905,400 acres last year.

Outturn.—From the District Officer's estimates, the provincial outturn of the different linseed crops works out at 72 per cent, of the normal as against 78 per cent, last year.

Taking 5½ mannds as the normal rate of yield per acre for linseed, 6 mannds for rape and mustard and 4½ mannds for other oilseeds, the total yield for the Province is estimated at 137,800 tons this year as against 153,400 tons last year.

J. C. ROY, for Director of Agriculture, Bengal.

Dacca, the 17th April 1924.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for April, 1924.

I. **Character of the season.**—The weather was exceptionally hot and dry till the middle of the month after which precipitation occurred over the greater part of the Province especially in North and East Bengal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—The rain during the second-half of the month facilitated the cultivation of kharif crops which had been brought to a standstill by drought, and revived the prospects of jute, autumn and deep water paddy, sowings of which had been seriously delayed especially in the low lands of Eastern Bengal.

III. **State of standing crops.**—The condition of standing crops was reported to be fairly satisfactory.

IV. **Prospects and probable outturn.**—The outlook of paddy and jute appears to be promising in Eastern Bengal. Wheat yielded about 62 per cent. of the average.

V. **Damage to standing crops.**—Damage to summer rice and mango crop by hail-storm was reported from Malda.

VI. **Condition of agricultural stock.**—The condition of live-stock was reported to be satisfactory. Sporadic cases of cattle disease were, however, reported from parts of fifteen districts.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder was not reported from any part of the Province.

VIII. **Prices of food-grains.**—During the second fortnight of the month prices of common rice of the cheapest quality fell in two districts, rose in eleven and remained stationary in the rest of the Presidency. The price ranged from 10 seers per rupee at Rangpur to 9 seers per rupee at Midnapore.

IX. **Condition of agricultural population.**—The condition of the agricultural population was reported to be satisfactory on the whole.

SIMLA, THE 6TH MAY 1924.

RESOLUTION—No. S-217.

In their Resolution No. 81-D., dated the 15th November 1919, the Government of India announced their intention to constitute a committee to deal with the proposal made by the Indian Industrial Commission for the creation of an Indian Stores Department. The terms of reference and personnel of this Committee were announced in Resolution No. B-506-11, dated the 5th December 1919. The Committee were directed to enquire and report on the measures required to enable Government Departments to obtain their requirements as far as possible in India, what central and local agencies should be constituted for the purchase and inspection of such requirements and what modifications of the Stores Purchase Rules would be required to give effect to their recommendations. This Committee submitted its report to the Government of India on the 19th July 1920.

1. The Committee were unable to agree in regard to the modifications which should be made in the Stores Purchase Rules and certain alternative recommendations were offered. After careful consideration of these alternatives the Government of India arrived at certain provisional conclusions, which, together with a revised draft of the Stores Purchase Rules, were sent to the Provincial Governments for their consideration and advice. In the meantime the purchase of stores by Governors' Provinces had ceased, under the reformed constitution, to be a central subject. It was accordingly made clear that the revised rules under consideration were intended for application only to the Government of India and to Provinces other than Governors' Provinces. On receipt of the replies from the Local Governments the revision of the rules was further considered by a Committee of the Legislature (the Railway Industries Committee) which had been appointed in pursuance of a Resolution adopted by the Legislative Assembly on the 2nd March 1922. The rules approved by this Committee were submitted to the Secretary of State for his approval.

2. The Secretary of State in Council has now approved the rules appended to this Resolution, which will henceforth regulate the purchase of stores by all Departments and officers of the Central Government and of the Local Governments and Administrations other than those of the Governors' Provinces. The main features of the new rules consist in the assertion of a more definite preference for stores produced and manufactured, wholly or partly, in India, an important extension of the power to purchase imported stores and the introduction of a central purchasing agency in India, namely, the Indian Stores Department. This Department, as announced on the 10th December 1921, was created on a temporary basis with effect from the 1st January 1922, on which date the Chief Controller of Stores assumed charge of his duties and proceeded to formulate a detailed scheme of organisation. This scheme, after consideration by the Government of India, was submitted to the Secretary of State who has now sanctioned the constitution of the Indian Stores Department on a permanent basis.

3. The revision of the Stores Purchase Rules and the establishment of the Indian Stores Department are the direct outcome of the policy which aims at the encouragement of the industries of the country without sacrificing economy, and the Government of India take this opportunity of impressing upon all Departments and officers purchasing stores the importance which they attach, not only to a strict adherence to the letter of the rules, but also to a loyal observance of the policy underlying them, as stated in the preamble to the rules. The observance of this policy, coupled with utilisation to the fullest possible extent of the services of the Indian Stores Department, will, it is confidently anticipated, promote both the objects which the Government of India have in view, namely, encouragement of manufacture in India and economy in the purchase of Government stores.

ORDER.—Ordered that this Resolution be communicated to all Local Governments and Administrations, the several Departments of the Government of India (including the Financial Adviser, Military Finance), the Private and Military Secretaries to His Excellency the Viceroy, all Heads of Departments subordinate to this Department, the Auditor General and all Accountants General, the Comptroller of Assam, Deputy Accountant General, Central Revenues, Delhi, the Financial Adviser, Posts and Telegraphs, and the Audit Officer, Indian Stores Department.

Ordered also that the Resolution be communicated to the High Commissioner for India and to Chambers of Commerce and that it be published in the Supplement to the *Gazette of India* for general information.

A. H. LEY,

Secretary to the Government of India.

RULES FOR THE SUPPLY OF ARTICLES FOR THE PUBLIC SERVICE.**PREAMBLE.**

The policy of the Government of India is to make their purchases of stores for the public service in such a way as to encourage the industries of the country, so far as is consistent with economy and efficiency. In pursuance of this policy the following rules are prescribed, with the sanction of the Secretary of State, for the supply of articles for the public service. These rules, which are subject to any instructions regarding specific articles which have been or may be made by the Government of India with the sanction of the Secretary of State from time to time (*e.g.*, those relating to the supply of stationery and printing stores for the public service), supersede all previous orders which are not explicitly continued.

The rules are applicable to the Government of India and to provinces other than Governor's Provinces.

RULE 1.—Articles manufactured in India from Indian materials.

All articles which are produced in India in the form of raw material, or are manufactured in India from materials produced in India should, in preference to articles not manufactured in India or wholly or partly manufactured in India from imported materials, be purchased locally, provided that the quality is sufficiently ~~the~~ purpose, and the price reasonable.

Note.—Although a strict comparison of prices is not enjoyed by this rule, it is essential in the interests of economy that the purchasing officer should take into consideration, so far as may be possible, the price at which articles of similar quality not manufactured or produced in India can be purchased at the time.

RULE 2.—Articles manufactured in India from imported materials.

Articles wholly or partly manufactured in India from imported materials should also be purchased in India in preference to articles not manufactured in India, provided that the quality is sufficiently good and the price not unfavourable.

RULE 3.—Articles which are not manufactured in India.

Articles which are not manufactured in India should be obtained by indent upon the Store Department, London, except in the following cases :—

- (a) When the articles are already in India at the time of order or are already on their way out, and their price and quality are not unfavourable as compared with those at which similar articles could be obtained through the Store Department, London, and the cost of the supply does not exceed the limits prescribed in Rule 11. When the total value of the articles required is trifling it is generally desirable to purchase them locally.
- (b) In the case of important construction works let out on contract, articles not manufactured in India required for the construction of such works may be supplied by the contracting firm subject to the following conditions :—
 - (i) That the firm is approved by the Chief Controller of Stores, Indian Stores Department, and is included in the list of firms so approved (List I).
 - (ii) That the materials are subject to the current specifications and tests prescribed by the Government of India.
- (c) Plant and machinery and component parts thereof may be purchased from branches* established in India of manufacturing firms borne on the list of the Chief Controller of Stores, Indian Stores Department (List II), provided that the following conditions are observed :—

* Branches may be held to cover approved technical agents of manufacturers who do not merely act as selling agents but are also in a position to render the same kind of technical assistance in India as actual branches of the firms.

- (v) That when test or inspection of the plant or machinery during manufacture or before shipment is necessary or desirable arrangements are made for such test and inspection to be carried out by the India Store Department, London.

Note 1.—It should clearly be understood by indenting officers that this rule is subject to the preference which should be given under Rules 1 and 2 to articles of Indian manufacture.

Note 2.—Application for inclusion in the lists mentioned in this rule should be made to the Chief Controller of Stores, Indian Stores Department, direct by the firm with a full statement of the reasons which in its opinion justify such inclusion.

Nothing in the rules is to be deemed to prohibit the purchase of stores by one department or railway from another.

All articles which, under the foregoing rules, are not to be bought in India, should ordinarily be obtained by indent on the India Store Department, London, except those the

Note.—Payments for stores purchased under this rule should be made direct to the suppliers by the purchasing officers.

RULE 8.—Method of comparing prices.

In all cases in which the selection of source of supply depends upon comparison of prices the procedure to be adopted for such a comparison is as follows :—

- (i) A reference should be made to Home prices notified continually by the India Store Department, London, to the Chief Controller of Stores, Indian Stores Department, or as otherwise ascertained, and freight should be added at the current rates paid by the India Store Department, London, together with such charges for interest, insurance, and freight brokerage as may be declared from time to time by the Chief Controller of Stores.

RULE 10.—Firms from which iron and steel may be bought in India.

Important iron and steel work, if purchased in India, should only be obtained from firms approved by the Chief Controller of Stores, Indian Stores Department, and entered in a schedule as corrected from time to time by that officer (List III).

Note 1.—By "important iron or steel work" are meant articles of iron or steel which form important components of the project in hand, e.g., bridge girders and roof trusses, built up in the firm's workshops and supplied ready for erection, in such sections as may be convenient, and rolled steel beams, rails or other sections cut to length or otherwise prepared at the firm's workshops to suit the indenting officer's requirements. The intention of the rule is to ensure that parts, the accurate preparation of which is essential to the security of a project, shall be obtained only from firms which possess workshops and appliances capable of turning out work of the desired standard. The raw materials used may be either imported or of Indian manufacture, subject to the usual specifications.

NOTIFICATION.

No. 6883A.—The 31st May 1924.—The following provisional rules to regulate the recruitment by examination of certain of the provincial and other services in Bengal during 1924 are published for general information. A separate announcement will be

made of the dates and place of the examination. Existing orders regarding the partial recruitment of any of these services by promotion will remain unaffected :—

RULES.

1. **Extent of application.**—These rules apply to the direct recruitment of the Bengal Civil Service, (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service, Income-tax officers recruited by the Commissioner of Income-tax, Bengal, the Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.
2. **Method of direct recruitment.**—Direct recruitment for these services will be made on the results of a competitive examination, but Government and the Commissioner of Income-tax, Bengal, reserve the right to appoint by nomination from the list of qualified examinees individual candidates belonging to the backward classes and other minorities if the results of the examination fail to secure the representation of such classes or communities, and in the case of the Upper Division of the Secretariat Clerical Service to fill European and Anglo-Indian vacancies by selection from outside the list. The Commissioner of Income-tax also reserves the right to make appointments by nomination to posts for which special, technical or linguistic qualifications are essential.
3. **Choice of service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing these in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the various services.
4. **Communal representation.**—The Examining Board will submit to Government separate lists showing (a) the Muhammadan candidates, (b) candidates belonging to the backward classes and other minorities, and (c) all others; and appointments will be made from these lists in the order of merit of the candidates, provided that the proportion of appointments to be filled by the Muhammadan candidates shall in no case be less than one-third if there are qualified candidates available, and that Government reserve the right to nominate any qualified candidate in list (b). In the Upper Division of the Secretariat Clerical Service, the due proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available.
5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.
6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the College from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. Candidates who passed the examination as non-collegiate students shall send in their applications to the Registrar, Calcutta University; candidates from Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal:

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.
7. **Time and manner of application.**—Applications shall be made, before such date as the Governor in Council may prescribe, in the form shown in Schedule I, copies of which may be obtained from the heads of Colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.
8. **Application fee.**—Every candidate must submit with his application non-judicial stamps of the value of Rs. 5, or a chalan showing payment into a Government treasury of the sum of Rs. 5. Applications stamped with postage stamps will not be accepted.
9. **Selection Committee.**—The Governor in Council shall appoint a Selection Committee. This Committee shall be composed of officials and non-officials in equal numbers and be presided over by a high officer of Government.
10. **Nomination.**—The heads of Colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates nominated in accordance with the allotment of nominations shown in

Schedule II and shall certify the moral character of each candidate so nominated. In making these nominations due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. Selection certificates.—In order to make the appraisalment of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of backward class candidates and other minorities and shall call for further nominations from the heads of Colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach the proportion of one-third.

12. Conditions of eligibility.—The indispensable qualifications of a candidate are—

- (a) that he is a native of the province or has a permanent domicile within the province ;
- (b) that he is a natural born subject of His Majesty or of an Indian State ;
- (c) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held ;

Such certificates must have been written not more than one year prior to the date of application.

13. Particulars of candidates.—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character.

14. Eligibility of Government servants.—Unless specially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination.

15. Canvassing.—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. Examination fee and time-table.—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render his name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

17. Syllabus of examination and marks.—The examination will be held in the subjects and according to the syllabus as shown in Schedule III, which also indicates the numerical value to be attached to each paper at the examination. 18. Medical examination.—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service, the Income Tax Department, the Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity unfitting him or likely to unfit him for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been

previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

In exercise of the power conferred by sub-section (2) of section 25 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules for the preparation and publication of the Electoral Roll for the purposes of the election of Councillors to be held under the said Act :—

RULES FOR THE PREPARATION AND PUBLICATION OF THE ELECTORAL ROLL.

Definitions.

1. In these rules, unless there is anything repugnant in the subject or context,—

(1) "the Act" means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), as amended by the Calcutta Municipal (No. II) Act, 1923 (Bengal Act XI of 1923); and

(2) the "constituency" means the constituency specified in Schedule III or Schedule IV to the Act, as the case may be.

2. The Electoral Roll of every constituency shall be prepared and published by the Executive Officer or such other officer or person as he may from time to time specially appoint in writing in this behalf.

The Executive Officer or such other officer or person shall be called the "Registering Authority" for this purpose, and he may employ such agency as he may think fit for the preparation and publication of the Electoral Roll.

3. The Electoral Roll of every constituency shall be in English, but in order to give it wide publicity, the Executive Officer may, if he thinks fit, also order the publication of a copy in Bengali.

4. On or before the 30th day of November immediately preceding each general election, the Registering Authority shall prepare or cause to be prepared a complete Electoral Roll (hereinafter referred to as the Preliminary Roll) for each constituency containing the names of all persons who appear to the Registering Authority to be entitled to be registered as electors for that constituency.

5. In the case of a constituency other than a special constituency, the Preliminary Roll shall be prepared ward by ward, but the Registering Authority may, if he thinks fit, prepare a consolidated Preliminary Roll for several wards comprising a constituency or part of a constituency. The Registering Authority may also sub-divide the roll in such other manner or into such other parts as he may deem expedient for the purpose of facilitating the preparation of the roll.

6. The names of electors registered in the Preliminary Roll or any part of the Preliminary Roll of any such constituency as aforesaid shall be arranged in accordance with the alphabetical order of the names (in English) of the streets and the numbering of the premises in such streets contained in the said roll or part of the roll as the case may be. Where a person is registered as the representative of any company, body corporate, firm, joint family or other association of individuals, or as the manager of a lunatic or the guardian of a minor, a distinctive sign or mark shall be placed against his name in the Preliminary Roll to indicate the fact. Persons qualified as electors under clause (b) or clause (c) of sub-section (1) of section 20 of the Act shall also have a distinctive sign or mark placed against their names in the Preliminary Roll, unless it is decided to publish their names in a separate part or parts of the Preliminary Roll.

7. In the case of a special constituency, the Preliminary Roll shall be in such form as the Registering Authority may direct. It shall contain the names of the persons registered as electors arranged alphabetically with their addresses.

8. The Preliminary Roll prepared as above for every constituency shall be published by the Registering Authority not later than the 30th day of November referred to in rule 4

(a) In the case of a constituency other than a special constituency, by affixing for public inspection a complete copy of the roll at the Central Municipal Office and at the following other places:—

- (ii) one or more of the police-station or stations situated within the constituency or within the jurisdiction of which the constituency or any part of it may be situated, and
- (iii) one or more of the Post Offices, as the Registering Authority may think fit, situated within the constituency.

(b) In the case of a special constituency, by affixing for public inspection a complete copy of the roll at the Central Municipal Office and at the office or offices of the Chamber, Association or the Commissioners of the Port of Calcutta, constituting the constituency as the case may be.

9. Printed copies of the Preliminary Roll shall be sold to the public at such prices as may from time to time be fixed by the Executive Officer.

10. For the purpose of the revision of the Electoral Roll, the Executive Officer may appoint in writing such person or persons as he may deem proper to perform all or any of the duties of the Revising Authority in respect of any constituency or part of a constituency:

Provided that no Councillor or Alderman shall be a Revising Authority.

11. Along with the Preliminary Roll of every constituency, published as above, a notice shall be simultaneously published in the constituency, and a notice of the publication of the Preliminary Roll shall also be given by advertisement in local papers specifying for such constituency or any part of it the Revising Authority to whom, the place at which, the period within which, and the manner in which, claims for being included in the Electoral Roll or objections to the inclusion of any name in the Electoral roll shall have to be preferred.

12. Claims and objections shall be preferred in respect of the Preliminary Roll of any constituency not later than the 20th December next following the month of November referred to in rule 4. The Revising Authority shall not entertain any claim or objection received by him after 5 P.M. on that date.

13. All claims and objections shall be in writing and signed by the person making them and shall state the grounds on which they are based, and where they relate to an entry in the Preliminary Roll shall give the reference to or the particulars of that entry.

14. Every person whose claim or objection is received in time shall be served with a notice by the Revising Authority specifying the place where and the time when his claim or objection will be heard, and he may produce or cause to be produced such evidence as he may wish to adduce, but in the absence of such evidence the Revising Authority shall decide the matter on the entries appearing in the records of the Corporation.

15. When objection is made by any person whose name is on the Preliminary Roll to the inclusion of the name of any other person recorded therein, the Revising Authority shall serve on such other person a notice stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection, where and when such other person may attend with such evidence as he may wish to adduce.

16. Every notice issued by the Revising Authority shall be in writing and shall be served at the address as entered in the Preliminary Roll or at such other address as may be specified by the claimant or objector in his notice of claim or objection, the person objected to being served only at the address given in the roll, provided that a notice may be served by the Revising Authority by sending it to the person concerned by post.

17. The Executive Officer shall cause to be published from time to time on the notice-board at the Central Municipal Office a notice showing generally the dates on which and the places at which the Revising Authority will sit for hearing claims and objections.

18. The Revising Authority shall dispose of all claims and objections by a date to be fixed by the Executive Officer.

It shall be the duty of the Executive Officer to produce all relevant or necessary documents or papers in his power or possession and otherwise render necessary assistance to the Revising Authority in the discharge of his duties.

19. On the date fixed for the hearing or on such other date to which the hearing may be adjourned, the Revising Authority shall hold a summary enquiry into the claims or objections preferred, and shall record his orders either allowing or disallowing the claims or objections. He shall also decide on any application or reference made by the Registering Authority for making corrections in the Preliminary Roll. For the purposes of the enquiry the Preliminary Roll as published shall be presumed to be correct and complete until the contrary has been proved.

20. The orders of the Revising Authority shall be communicated by him to the Registering Authority, who shall cause the roll to be amended in accordance therewith and shall endorse the same in token that this has been done.

Draft Notification.

In exercise of the power conferred by sub-sections (1) and (2) of section 30 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules for the conduct of elections of Councillors to be held under the said Act :—

Rules for the conduct of elections.

Definition.

1. In these rules, unless there is anything repugnant in the subject or context, "the Act" means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), as amended by the Calcutta Municipal (No. II) Act, 1923 (Bengal Act XI of 1923).

Appointment of Returning Officers.

2. (1) The Executive Officer may appoint as many Returning Officers as he thinks fit, provided that there shall not be more than one Returning Officer for the same constituency, and provided also that no person shall be appointed as the Returning Officer of any constituency of which he is an elector.

(2) The Executive Officer may at any time, for reasons to be recorded in writing remove any Returning Officer appointed by him and appoint another in his place, and may also appoint a substitute to act as Returning Officer during any temporary disability of the Returning Officer.

Nominations.

3. The Local Government shall appoint—

- (a) a date, not later than the fourteenth day after the date of the notification issued under section 45, sub-section (4) of the Act, calling upon the constituencies to elect the requisite number of members for the nomination of candidates ;
- (b) a further date, not later than the seventh day after the first-mentioned date, for the scrutiny of nominations ; and
- (c) a further date, not less than 10 days from the date of scrutiny of nominations, on which a poll shall, if necessary, be taken ;

and the dates so appointed shall be notified in the constituencies in such manner as the Executive Officer thinks fit.

4. Nominations shall be made by means of a nomination paper in Form I annexed to these rules copies of which will be obtainable at the Central Municipal Office. Each candidate shall be nominated by a separate nomination paper.

5. On or before the date so appointed for the nomination of candidates, each candidate shall, either in person or by his proposer or by his seconder or by his election agent, between the hours of 12 o'clock in the forenoon and 5 o'clock in the afternoon, deliver to the Returning Officer or to such other person as may be authorised in this behalf a nomination paper completed in Form I annexed to these rules and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder whose names are registered on the Electoral Roll of the constituency :

Provided that a nomination paper signed by a duly authorised attorney on behalf of the candidate shall, for the purpose of this rule, be held to be signed by the candidate himself as assenting to his nomination.

6. Any person whose name is registered on the Electoral Roll of the constituency, and who is not subject to any disability as set forth in section 22 of the Act may, subscribe as proposer or seconder as many nomination papers as there are vacancies to be filled but no more.

7. Every nomination paper delivered under rule 5 shall be accompanied by a declaration in writing subscribed by the candidate in the manner laid down in section 27, sub-section (2) of the Act.

8. Any nomination paper which is not received before 5 o'clock in the afternoon on the date appointed by the Local Government for the nomination of candidates shall be rejected.

9. The Returning Officer or other person authorised shall, on receiving a nomination paper under rule 5, inform the person or persons delivering the same of the date, hour and place appointed for the scrutiny of nominations, and shall enter in the nomination paper its serial number and shall sign thereon a certificate stating the date on which and the hour at which the nomination paper has been delivered to him; and shall, as soon as may be thereafter, cause to be affixed in some conspicuous place in his office a notice of the nomination containing descriptions, similar to those contained in the nomination paper, both of the candidate and of the persons who have subscribed the nomination paper as proposer and seconder.

10. A proposer or a seconder once having signed a nomination paper shall not be allowed to withdraw.

11. The Executive Officer shall, on receiving a notice of withdrawal under section 27, sub-section (3) of the Act, as soon as may be, cause a notice of the withdrawal to be affixed in some conspicuous place in his office and in the office of the Returning Officer of the constituency in regard to which the withdrawal has taken place.

Scrutiny of nominations.

12. On the date appointed by the Local Government under rule 3 for the scrutiny of nominations, the candidates, their election agents, every proposer and every seconder of each candidate, and one other person duly authorised in writing by each candidate, but no other person, may attend at such time and place as the Executive Officer may appoint, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time.

13. (1) The Returning Officer shall then examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or on his own motion, after such summary inquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds:—

- (i) that the candidate is ineligible for election in accordance with the provisions of the Act, or
- (ii) that the proposer or seconder is disqualified from subscribing the nomination paper in accordance with the provisions of the Act, or
- (iii) that there has been any failure to comply with any of the provisions of the Act or of these rules relating to the nomination of candidates, or any failure to comply with the provisions of the Act relating to the deposit to be made by candidates under section 27, sub-section (3) of the Act.
- (iv) that the candidate or the proposer or seconder is not identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer or seconder, as the case may be, or
- (v) that the signature of the candidate or the proposer or seconder is not genuine.

(2) For the purposes of this rule—

- (a) an entry in the Electoral Roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, subject to the disqualifications referred to in section 22 of the Act,
- (b) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (ii), clause (iii), clause (iv), or clause (v) of sub-rule (1) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

14. (1) The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf, and no adjournment of the proceedings shall be allowed.

15. (1) On completion of the scrutiny of nominations the Returning Officer shall forthwith prepare a list of valid nominations and cause it to be affixed in some conspicuous place in his office.

(2) In the case of uncontested returns the Returning Officer shall report the name or names of the candidate or candidates whom he declares to be elected to the Executive Officer, who shall cause the name or names of the candidate or candidates elected to be published in the *Calcutta Gazette*.

16. If the number of duly nominated candidates is greater than the number of vacancies the Returning Officer shall forthwith publish in the local newspapers, and in such other manner as the Executive Officer may prescribe, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order.

17. (1) If a candidate by whom or on whose behalf the deposit referred to in section 27 sub-section (3) of the Act, has been made withdraws his candidature more than seven days before the date fixed for the election, or if the nomination of any such candidate is refused, the deposit shall be returned to the person by whom it was made; and, if any candidate dies before the commencement of the poll, any such deposit, if made by him, shall be returned to his legal representatives or, if not made by the candidate, shall be returned to the persons by whom it was made.

(2) The deposit made in respect of a candidate shall, if it is not forfeited, be returned to the candidate or to the person who has made the deposit on his behalf as soon as may be after the publication of the result of the election.

18. If a candidate who has been duly nominated dies after the date appointed for the scrutiny of nominations and before the date appointed for the taking of a poll, the Returning Officer shall, upon being satisfied of the fact of the death of the candidate, countermand the poll and report the fact to the Executive Officer, and all proceedings with reference to the election shall be commenced anew in all respects as if for a new election:

Provided that no fresh nomination or deposit shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

Polling.

19. The Executive Officer shall appoint the hour at which the poll shall commence and the hour at which it shall close on the date appointed by the Local Government for the poll. The hours so fixed shall be published by notification in the local newspapers, and in such other manner as the Executive Officer may direct.

20. (1) The Executive Officer shall select for each constituency as many polling stations as he thinks necessary and shall publish in such manner as he may prescribe a list showing the polling stations so selected and the polling areas for which they have respectively been selected.

(2) The Executive Officer shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

(3) The Executive Officer may make separate arrangements for the recording of votes by female electors.

21. (1) The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(a) the polling officers, the candidates, their election agents and one agent of each candidate (hereinafter referred to as the polling agent) appointed in writing by the candidate, and authorized in this behalf by the Executive Officer,

(b) the police or other public servants on duty, and

(c) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

(2) The presiding officer shall close the polling station at the hour appointed in that behalf by the Executive Officer under these rules so as to prevent the admission thereto of any elector after that hour, provided that all electors present at the polling station before it is so closed shall be entitled to have their votes recorded.

22. Each polling station shall be provided with such number of compartments as the Executive Officer thinks necessary, in order to enable electors to mark ballot papers as quickly as possible and screened from observation.

23. (1) The Executive Officer shall provide at each polling station materials sufficient for the purpose of enabling electors to mark the ballot papers, instruments for stamping the official mark on such papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(2) The official mark shall be kept secret.

24. Every ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

25. Before commencing the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in Bengali and in such other vernacular (if any) as to the presiding officer may appear to be necessary.

26. Immediately before a ballot paper is delivered to an elector, it shall be marked on the back with the official mark, and the number, name and address of the elector as stated in the electoral roll shall be called out, and the number of the elector shall be entered on the counterfoil, and a mark shall be placed in a copy of the electoral roll

against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. The counterfoil shall bear the name of the constituency and the name or distinctive number of the polling station shall be entered thereon by either the presiding officer or the polling officer.

27. The elector, on receiving the ballot paper, shall forthwith proceed to one of the screened compartments in the polling station set apart for marking ballot papers by electors, and there make a mark on the ballot paper against the name of the candidate or candidates for whom he intends to vote in accordance with the orders set out on the counterfoil paper, and fold it up so as to conceal his vote, and shall put his ballot paper, so folded up, into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

28. If the elector, owing to illiteracy or physical or other disability, is unable to read a ballot paper or to make a mark thereon, the presiding officer or polling officer shall mark the vote in the ballot paper according to the direction of the elector. The elector shall then himself, or with the assistance of the presiding officer, put the ballot paper folded up into the ballot box.

29. At any time before a ballot paper is delivered to an elector, the presiding officer or polling officer may, of his own accord, if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or his election agent or polling agent, put to the elector the following questions:—

- (1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,
- (2) Have you already voted at the present election in this constituency as such voter?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

30. The ballot paper shall be in Form II annexed to these rules and shall contain the names of the candidates arranged alphabetically in the order of their surnames in English. The names may be printed in such vernaculars as the Executive Officer thinks fit having regard to each constituency. The ballot papers shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

31. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to mark a ballot paper in the same manner as any other elector. Such ballot paper (hereinafter referred to as a "tendered ballot paper") shall be of a colour different from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the elector and his number on the electoral roll and the name of the electoral area to which the roll relates and shall be set aside in a separate packet and shall not be counted by the Returning Officer. The name of the elector and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form III annexed to these rules, which shall bear the heading "Tendered votes list." The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

32. If any polling agent declares in writing and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form IV annexed to these rules) his name and address, or if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in rule 29 answers the first question in the affirmative and the other question in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

33. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

34. A presiding officer, polling officer, election agent or polling agent who is on duty at a polling station at which he is not entitled to vote shall, if he is certified by the Returning Officer of the constituency in which he is entitled to vote, to be entitled to vote at the election for the constituency in connection with which he is employed or for any other constituency, be allowed to record his vote at that polling station. For this purpose he may use one of the ballot papers at such polling station, and he shall enter in the counterfoil of the ballot paper the name of the polling station, etc.

35. Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in rule 34 to the Returning Officer who has granted the same, and such Returning Officer shall cause such vote to be included among the other votes given for the candidate designated by the elector.

36. The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal,—

- (1) each ballot box in use at each station unopened but with the key attached ;
- (2) the unused ballot papers ;
- (3) the tendered ballot papers ;
- (4) the spoilt ballot papers ;
- (5) the marked copy of the electoral roll ;
- (6) the counterfoils of the ballot papers ;
- (7) the tendered votes list ; and
- (8) the list of challenged votes ;

and shall deliver such packets to the Returning Officer.

37. The packets shall be accompanied by a statement in Form V annexed to these rules made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under the rules.

Scrutiny of votes.

38. The Executive Officer shall appoint a date, time and place for the *counting of votes* and shall give notice in writing thereof to all candidates and election agents. Such date must not be later than a week after the polling day.

39. (1) No person shall be allowed to be present at the *counting of the votes* except the Returning Officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under section 29, sub-section (5) of the Act.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

40. On the day and at the time appointed under rule 38 the Returning Officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present and shall then proceed as follows :—

- (a) The ballot box or boxes relating to each polling station shall be opened one after another, and the Returning Officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shown to any candidate or agent.
- (b) The Returning Officer shall then mix together all the ballot papers so taken out from the ballot boxes and distribute them in convenient bundles to the persons appointed to assist in counting the votes.
- (c) When the ballot papers have been so distributed but not before, the Returning Officer shall allow the candidates and their agents reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "Rejected." If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.
- (d) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes ; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or agents as may desire to affix them and shall cause adequate precautions to be taken for their safe custody.

41. (1) A ballot paper shall be rejected if—

- (a) it has not on its back the official mark,
- (b) the number of votes recorded thereon exceeds the number of vacancies to be filled,
- (c) no vote is recorded thereon,
- (d) it is void for uncertainty,
- (e) it bears any mark by which the elector can be identified,

(2) The decision of the Returning Officer as to the validity of a ballot paper shall be final, subject only to reversal by the orders of a Court of competent jurisdiction.

42. The Returning Officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under the instructions by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then re-close and re-seal each packet which has been opened by him, and shall record on each packet a description of its contents and the date of the election to which it refers.

43. The Returning Officer shall then prepare and certify a return setting forth—

- (1) the result of the verification referred to in the rule,
- (2) the names of the candidates for whom valid votes have been given,
- (3) the number of valid votes given for each candidate,
- (4) the name of the candidate elected,
- (5) the number of votes declared invalid, and
- (6) the number of tendered votes given,

and shall permit any candidate or any representative duly authorised under the rules to take a copy of or an extract from such return.

44. The Returning Officer shall, after reporting the result of the election, forward the return and all the packets relating to the election in his possession to the Executive Officer.

45. While in the custody of the Executive Officer the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a Court of competent jurisdiction but all other documents relating to the election shall be open to public inspection subject to such conditions as the Executive Officer may impose.

46. The packets aforesaid shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the Executive Officer or by a Court of competent jurisdiction.

14. A subscriber's interest in the contributions made by the Committee to the Fund does not commence until he retires from the service of the Committee and qualifies for admission to the benefit of the Committee's contribution under these rules.

15. A subscriber's interest in the Fund shall be strictly personal and cannot be transferred or assigned or alienated in any way, whether by way of security or otherwise and the Trustees shall not recognise any such assignment transference or alienation. In the event of any attempted transfer assignment or of a prohibitory order or attachment or process of a Civil Court being served on the Committee or the Trustees purporting to vest the whole or any part of the Fund standing to the credit of the subscriber in some person other than the subscriber, to attach or to order the payment into a Civil Court or the withholding from such subscriber, of the Fund or any part thereof, such attempted dealing order attachment or process shall disentitle the subscriber to any share in the Committee's contribution and to any income derived therefrom (shown as credited account) and the Trustees may in their absolute discretion order that for such further period as they may deem fit the subscriber shall not be entitled to any share of the Committee's contribution or the income therefrom : Provided always that nothing herein contained shall relieve the subscriber from his liability to continue to contribute to the Fund as provided in rule 3. No certificate or pass book given by the Trustee to a subscriber to the Fund shall be hypothecated or used in any way as being a security to a third party.

16. *Payments from the Fund.*—The full amount standing to a subscriber's credit including his own and the Committee's contributions and the income derived therefrom shall be payable as follows :—

- (1) On the death of the subscriber to his nominee or heir under rule 20 (1).
- (2) To the subscriber on his retirement from the service of the Committee provided that he has either—
 - (a) completed 15 years' service, or
 - (b) if employed on specific agreement for a term of years, has fulfilled his agreement, or
 - (c) established to the satisfaction of the Trustees that his retirement is necessitated by incapacity for further service.

17. A subscriber, who leaves the service of the Committee without fulfilling the condition of Rule 16, shall be entitled only to payment of his own accumulated subscriptions and income derived therefrom provided that the Trustees shall have absolute discretion to waive forfeiture of the subscriber's interest in the Committee's contributions and the income derived therefrom if this concession is in their opinion justified.

18. *Advances from the Fund.*—Advances from the amount standing to their credit on account of their own subscriptions may at the discretion of the Trustees be granted to subscribers in deserving cases of sickness or other urgent cause, for themselves, or for their families; such advances to be subsequently repaid by instalments to be fixed by the Trustees in each case with interest at such rate and payable at such times and whether simple or compound as the Trustees may direct.

19. A subscriber's account shall be closed—

- (1) when he dies, on the day after the date of his death,
- (2) when he quits the service of the Committee, from the day on which he quits it.

When a subscriber's account is closed, such amount, if any, as may be decided by the Trustees shall be added in respect to the portion of the year since the 31st day of the month preceding.

No further contribution and interest shall be credited in respect of any period subsequent to that date.

20. *Procedure on withdrawal.*—(i) Each subscriber on joining the Fund shall furnish a declaration in the form annexed showing how he wishes the amount to his credit in the Fund to be disposed of on his death. Such declaration is revocable at any time during the subscriber's life time but a fresh declaration shall be operative only on being received by the Trustees. On a subscriber's marriage or re-marriage any declaration previously made will forthwith become null and void.

If a subscriber fail to make and maintain the required nomination the amount which would have been credited to his account on account of the Committee's contribution and income thereon shall lapse to the Fund, but the Trustees at their absolute discretion may make such payment in this respect to the deceased's widow or family as they may deem fit.

• On the death of a subscriber the full amount standing to his credit shall be paid without deduction either to his nominee as provided or (if his nominee is a minor at the time such amount is payable) to the person for the time being appointed to receive such amount on behalf of the minor nominee irrespective of the period for which the subscriber has served but subject to any claim under Rule 12. In the event of no valid nomination being in existence the amount standing to the deceased subscriber's credit in columns 1 and 2 of the form prescribed in Rule 8 shall be paid to his legal heirs.

(ii) If the withdrawing subscriber be living he shall apply to the Trustees for payment of the amount to his credit. The Trustees shall thereupon decide the further amounts, if any, which are to be credited to the subscriber's account under these rules and shall cause payment to be made to the subscriber.

(iii) When payment of a subscriber's account to himself or to his nominee (or in cases where no valid nomination was in existence to his legal heir) has been accepted no further claim shall lie against the Fund nor shall the Trustees' decision as to the amounts credited to the subscriber's account be questioned.

21. Every servant who shall be or become a subscriber shall be subject to these rules and shall sign an agreement in the form annexed to these rules.

22. The Fund may be wound up under the following circumstances :—

(a) If the Committee be dissolved by notification under section 14 of the Cotton Cess Act, 1923.

(b) By resolution of the Committee approved by the Governor General in Council.

On the winding up of the Fund the assets shall be realised and shall be distributed amongst subscribers in accordance with their accounts.

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College—

(a) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the provinces of Bihar and Orissa, Assam and Central Provinces, and those who come out of the Dacca or the Rangoon University as provided for in rule 5.

(b) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (See separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (a) "Regular Class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry or any Examination equivalent to it.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe. Students who come out of the Dacca and the Rangoon Universities and the candidates from the Central Provinces should apply to the Director of Public Instruction of the respective provinces.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list : —

	Rs.	A.
Admission fee	...	20 0
Fees for Summer term	...	62 8
Athletic Club fee	...	2 0
Total	...	84 8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa, one by the Government of Central Provinces and six candidates by the Inspector-General of Civil Hospitals of Assam, six candidates of the Dacca University by the Director of Public Instruction, Bengal, and two of the Rangoon University by the Director of Public Instruction, Burma. These candidates must possess the qualifications mentioned in rule 2(a). In addition, the Bihar and Orissa Government will nominate six scholars, who must have passed the I. Sc. Examination with Physics and Chemistry. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (a) Female students will be admitted to the College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay fee within a week from the date of the publication of their results, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the winter term. They must also pay the annual Athletic Club fee of Rs. 2 along with their fees for Summer term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.
 11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed above.
 12. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

					Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

14. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

20. The following are the curricula of the College :—

CALCUTTA, THE 28TH APRIL 1924.

RESOLUTION No. 2400M.

READ—

Reports from the Commissioners of Divisions on the working of municipalities in the Bengal Presidency (except Calcutta) during the year 1922-23.

1. **Number of municipalities.**—The number of municipalities rose from 116 to 117 owing to the establishment of a municipality at Rajbari in the district of Faridpur. The boundary of the Khulna municipality was extended so as to include the whole of the Khulna Railway yard of which only a portion was hitherto included. There was no alteration in the boundary of any other municipality. The name of the "Rampur Boalia" municipality has been changed to "Rajshahi" municipality.

12. Conservancy.—The total conservancy charges during the year amounted to Rs. 21 lakhs which was about Rs. 5 lakhs in excess of the receipts from latrine fees.

The sewerage scheme for Dacca was in progress and that for the Titagarh municipality was sanctioned after the close of the year. The Kamarhati and Bhatpara sewerage schemes were under consideration while that for Naihati was held in abeyance for want of funds.

13. Public Health.—The Minister observes with satisfaction that the municipalities have been taking an increasing interest in matters relating to Public Health. Measures for the improvement of sanitation were taken up in many towns by filling up, cleansing or disinfecting insanitary tanks, ditches and *dobas* and removing jungles and noxious vegetation. Notices were also issued on the owners of insanitary tanks requiring them to have these filled up or re-excavated. In Maniktola alone the owners were persuaded to fill up no less than 26 tanks. In Cossipur-Chitpur 22 insanitary tanks were filled up by their owners. In Baranagar two tanks were filled up and four were re-excavated. In Shernpur 10 insanitary ditches were filled up and four tanks were re-excavated by their owners. In Murshidabad all municipal wells were dewatered and cleared of silt. The municipality also completed the construction of the Gobardhan Nullah drain with a Government contribution of Rs. 2,000. In Bhatpara about 40 bighas of the Kamarhati bustee was raised and the filling up of borrow-pits in about four bighas of land was in progress. In Brahmanbaria an insanitary plot of land was acquired and improved by filling up ditches and drains and by excavating two tanks.

Preventive measures were undertaken by a large number of municipalities to check the spread of epidemics. Medicines and disinfectants were freely distributed and special doctors were appointed where necessary. Unwholesome food-stuffs were either destroyed or removed from the local bazars, and persons selling such articles were prosecuted. The Baranagar municipality instituted 35 prosecutions under section 6 of the Bengal Food Adulteration Act, all of which resulted in conviction. In Jessore the Sanitary Inspector regularly inspected food-stuffs and detected some cases of adulterated ghee. Four prosecutions were started which ended in conviction. In the Kotechandpur municipality the sale of confectionary articles and fish was controlled under the supervision of the Municipal Health Officer. At Dacca a considerable quantity of unwholesome food-stuffs was destroyed. Some of the municipalities arranged lantern lectures and distributed health leaflets throughout their areas for the purpose of educating the people on sanitation and public health.

Effective steps were taken to prevent the spread of cholera which broke out in several municipalities. In the district of Bankura all the municipalities followed the instructions issued by the Director of Public Health on the subject. When an outbreak occurred people were warned against using the water of suspected tanks and wells. Other tanks were guarded against pollution. In Bankura and Vishnupur a stock of disinfectants was kept for free distribution. The Bankura municipality treated the indigent cholera patients free of charge.

In the Murshidabad municipality public and private wells were periodically disinfected with permanganate of potash and chlorogen, and public drains were regularly flushed with phenyle and chloride of lime. At Khulna, during a widespread epidemic of cholera, the town was saved from contamination by timely measures of prevention, such as disinfections of tanks and houses, and the distribution of health leaflets. Small-pox broke out in epidemic form at Berhampore and Rajshahi, but timely action of the Commissioners prevented any serious extension of the epidemics.

Stringent measures were taken up by a large number of municipalities to vaccinate and re-vaccinate children and primary and secondary vaccinations were in most cases given free of charge. Many of the municipalities employed permanent vaccinators for the purpose.

The intensity of malarial fever was checked in many municipalities by filling up and disinfecting insanitary tanks, etc. As an anti-malarial measure quinine and cinchona febrifuge were also freely distributed by many municipalities. Influenza tabloids were also distributed free to the poor by many municipalities.

Except for comparatively slight outbreaks of relapsing fever, the town of Darjeeling was free from epidemic diseases. Influenza became endemic and was responsible for one-seventh of the total mortality. Serious overcrowding and lack of sanitary dwellings in certain areas of the town gave rise to a high percentage of deaths from tubercular disease, and phthisis accounted for 14·3 per cent. of the total mortality. Except for a short-lived outbreak of influenza at the beginning of the year, the health of the town of Kurseong was, on the whole, fairly good.

In Chittagong and Barisal there were no Health Officers and the public health work was managed by the Sanitary Inspectors; the appointment of Health Officers, which is a statutory obligation, was insisted upon the Municipal Commissioners. At Berhampore a Health Officer was appointed towards the close of the year.

By-laws were framed by a number of municipalities for the eradication of the water-hyacinth, and notices under section 200 of the Bengal Municipal Act were issued by some of them for the removal of this pest from tanks and waterways.

14. Public Works.—The percentage of the outlay on public works to the total expenditure varied in the smaller towns from 1·3 in Katwa to 52·08 in Kharar and in larger municipalities from 4·6 in Serampore to 40·8 in the South Suburban municipality.

The Baranagar municipality expended Rs. 22,894 in the construction of its Office building in a part of which a local library is proposed to be located.

15. Loans.—Loans amounting to Rs. 1,35,001 were granted to five municipalities, viz., Burdwan (Rs. 30,000), Raniganj (Rs. 50,000), Howrah (Rs. 36,334), Dacca (Rs. 15,000), and Faridpur (Rs. 3,667). Altogether 43 municipalities were in debt to Government, their total liabilities amounting to more than Rs. 39 lakhs. South Suburban, Birnagar and Bhola fully liquidated their loans.

16. Audit of Accounts and Embezzlements.—The accounts of almost all municipalities except Gobardanga were audited during the year. Embezzlement or misappropriation of municipal money occurred in Bankura, Hooghly-Chinsura, Maniktola and Baraset. The amounts misappropriated, which are not reported in all cases, were, however, realised from the culprits and the officers concerned were dismissed. The longstanding question of embezzlement of hackney-carriage fees of the Rajshahi municipality, which dates back to 1919, was brought to a final decision after the close of the year with the result that the hackney-carriage inspector was discharged and the officiating tax daroga was transferred to a less responsible post.

The municipal authorities of Comilla took prompt and suitable action in remedying the defects and irregularities pointed out by the Examiner of Local Accounts. Unfortunately, however, little attention is generally paid by municipalities to audit reports. The Minister takes this opportunity of pointing out to municipal bodies the fact that these audits are intended for the assistance of the local authorities themselves and that specific defects and irregularities are brought to light not in a spirit of captious criticism, but with a view to suggesting necessary steps being taken for having them remedied.

17. General Remarks—Burdwan Division: Howrah.—The total ordinary income of the municipality fell from Rs. 15,99,554 to Rs. 15,92,551. The decrease is mainly attributed to the fall of receipt under the Fire Brigade Act and to the non-receipt of any contribution from the public for any improvement work. Expenditure rose from Rs. 12,62,192 to Rs. 14,00,146 mainly on account of increased outlay under the heads "Water Supply," "Roads" and "Conservancy." There was a revision of assessment in wards 4 and 8. The current demand on account of municipal taxes rose from Rs. 14,91,245 to Rs. 16,70,330. The financial position of the municipality has improved within recent years.

The duties of cleansing the roads, drains and privies in the town was, as before, vested in the Ward Committees. Both the Chairman and the Commissioner of the Division complain of their inadequate supervision and of want of sympathy and co-ordination with the central municipal authorities. The question of the disposal of street sweepings is getting more acute year by year owing to the difficulty in finding dumping grounds. The watering arrangement of the town has been greatly improved; in addition to 21 road-watering carts, two road-watering lorries were purchased.

The expenditure under "Public instruction" shows a slight falling off. The scheme prepared by Mr. Biss for the advancement and extension of primary education could not be taken up as it involved the imposition of additional taxation. The Municipal Commissioners, however, decided to take up four of the existing primary schools and to make education free in them.

The health of the town has improved during the last three years, the birth-rate is steadily increasing, the figures for the last 3 years being 20.20, 22.06 and 25.48 per mille, respectively, while the number of deaths has gradually decreased since 1920-21. There were no epidemic diseases during the year. To remove infantile mortality four qualified midwives were appointed under the supervision of the Health Officer.

The municipality of Burdwan was administered with great efficiency. A scheme for replacing the worn out engines and boilers at an estimated cost of Rs. 1,30,000 was taken up during the year and considerable progress made. Kalna was at one time notoriously unhealthy, but during the last 10 or 15 years it has improved in respect of malaria, though typhoid and kala-azar have become prevalent. The system of treatment of kala-azar by antimony injections, which was introduced by Dr. Muir in the Scottish Mission Hospital, was continued. The success obtained from this method of treatment has led to an influx of patients from other places, and it is to this circumstance that the Municipal Commissioners attribute the spread of the disease among the permanent residents of the town. The crying need of the town of Katwa is filtered water, but the municipality is making no provision for a supply. The first elected Municipal Board of Asansol has been formed and it is hoped that the affairs of this municipality will now rapidly improve. The finances of the Midnapore municipality continued to be unsatisfactory. The water-works scheme of the municipality was hung up for inadequacy of funds, but steps are now being taken for completing an important part of the scheme. At Chandrakona dissension and party feeling prevented any useful work being done.

The District Magistrate of Hooghly is of opinion that the two largest municipalities, viz., the Hooghly-Chinsura and Serampore are the worst managed. The finances of the former show some slight improvement, but the outstanding balance being still so high as Rs. 21,000, the improvement is purely nominal and is unaccompanied by better work in other departments.

of the municipality. For want of continuous supervision over the collecting staff, collections are neglected and arrears allowed to accumulate. Other branches of administration have also suffered and the people are reported to be growing dissatisfied with the present management of the municipality. The Serampore municipality was faced with bankruptcy which has been averted by the recent assessment which will add 25 per cent. to its income. Party faction was noticeable in Kotrung. Much improvement has been effected in the Bansberia municipality by the construction of a mill in Ward No. I and by the clearance of jungle by another mill in Ward No. III. The general health and sanitation of Baidyabati has improved, but the municipality is notorious for party factions. The collections in Campdany were very satisfactory.

18. Presidency Division.—Mr. Prentice, the late Magistrate of the 24 Parganas, remarks as follows :—

“ There continue to be too many municipalities whose administration falls far below what it ought to be. Pambhati, Tollygunge, Rajpur, Basirhat, Joynagar and Baduria are all bad, and there are some others which might easily be better than they are. In places like Joynagar the Municipal Commissioners decline to enforce any of the much-needed improvements because private interests will thereby be affected and zamindars and others are not ashamed to derive income from markets which are insanitary. The scheme for a railway market at Kanchrapara still hangs fire and no progress has been made with the project for a municipal market in Bhatpara. No great progress appears anywhere in jungle-cutting or filling up insanitary *dobas* and there is a general want of vital civic co-operation. Rate-payers do not keep their own holdings clear.”

The municipal administration in the district of Murshidabad was fairly well managed as far as municipal funds permitted, and the health of municipal towns was generally good. The standards of collection in the Khulna municipality were again high, and freedom from epidemic disease enjoyed by the town was attributed to good administration. On the other hand, the work of the small municipality at Debhata was extremely unsatisfactory. When the District Magistrate inspected it on the 23rd March 1923, it had carried out only three-eighths of the budgeted expenditure, had spent only one rupee out of a budgeted capital outlay on drains of Rs. 100, and had been without a sweeper throughout January and February. Its standards, traditionally low, were further depressed during the year by local class feuds. A general election was set aside, and a second election which was held resulted in the unseating of the *bhadralog* class.

The Commissioner of the Division observes :—“ The few good municipalities do excellent work considering the very limited means at their disposal, but there are a large number which have in no way fulfilled the hopes of their founders. In many places the Commissioners have yet to learn the great responsibility involved by their position not only in spending carefully the money for the ratepayers but also in realising their dues promptly.”

19. Dacca Division.—The state of affairs in the Dacca municipality is unsatisfactory. The latrine service is indifferent, the water-supply is deficient, and the conditions of the roads leave much to be desired. The revaluation was long overdue and the successive bodies of Commissioners who omitted to have the town revalued are partly to blame for the present discomforts of the ratepayers. The present Commissioners have at last made a general revaluation. In this connection the Divisional Commissioner observes as follows :—

“ The Municipal Commissioners of Dacca are to be congratulated on reducing the outstanding balance of taxes from Rs. 51,524 to Rs. 24,010 and on

GOVERNMENT OF BENGAL.

Agrioulture.

DARJEELING, THE 30TH APRIL 1924.

RESOLUTION—No. 137T.—A.I.

READ—

Mr. G. Evans held charge of the department till 16th October 1922, when he went on leave preparatory to retirement. Mr. R. S. Finlow officiated as Director for the rest of the year. Mr. K. McLean, Deputy Director of Agriculture, was appointed to act as Fibre Expert to the Government of Bengal. Mr. F. Smith, Deputy Director of Agriculture, proceeded on leave for fifteen months from the 27th November 1922. Two new posts of Deputy Director of Agriculture were sanctioned by the Secretary of State at the close of the preceding year, but it was not possible to fill them permanently for want of suitable recruits. It has since been decided not to fill the posts for the present as, until the number of farms in working order increases, the staff of three Deputy Directors appears to be sufficient for the needs of the department. Mr. M. Carbery continued as Agricultural Chemist, and Messrs. G. P. Hector and Dwijadas Datta as first and second Economic Botanists, respectively, throughout the year.

2. Although the decisions of Government on the recommendations of the Bengal Retrenchment Committee relating to the Agricultural Department were taken after the close of the year under report, it is necessary to indicate the policy underlying these decisions to remove misapprehension. As regards the demonstration and propaganda branch of work of the department for which a large subordinate staff of District Agricultural Officers and demonstrators were employed under the Superintendents of Agriculture in charge of divisions, it has been definitely decided that the work of demonstration should radiate from the district agricultural farms where the necessary technical staff of District Agricultural Officers and demonstrators will exist, whilst propaganda, so far as it is non-technical, should be carried out with the assistance of the District Officer and his staff, the staff of the Co-operative department and the Agricultural Associations. The district and departmental staff will in the course of their ordinary duties in the mufassal draw the attention of the cultivators to the improvements effected by the agricultural department and induce them to get into touch with the farms. It will then rest with the technical staff at the demonstrate the improvements of crops, seeds, manures, implement etc.

Next to research and the research stations, the district agricultural farms, therefore, occupy an important place in the organisation of the department. Whilst, however, the functions of these farms must include experiment as well as demonstration, it is also necessary that they are to convince people, some portion of each of them must be set aside for the purpose of making the public acquainted with the economic proposition to bring home to the public that the agricultural measures recommended by the department can be made to pay. A definite effect has accordingly been taken by the department.

As a corollary to the policy of concentrating the activities of Government around the farms the Government of Bengal in the Ministry of Agriculture and Public Works have also accepted the principle of the recommendation of the Bengal Retrenchment Committee that the maintenance of a

and the distribution of seeds are matters not of agriculture but of organisation. Orders have accordingly been issued for the abolition of seed stores outside the farms.

3. Of the 19 Bengal students in the second year class of the Sabour Agricultural College which closed at the end of the session 1922-23, 18 passed the final examination. The number of students on the roll in each of the Secondary Agricultural Schools at Dacca and Chinsura was 16 in the first year class, while there were 20 and 17 students on the roll in the second year class in the respective schools. Eleven students passed the final examination in the Dacca School and 14 in the Chinsura School. The Government of Bengal (Ministry of Agriculture and Public Works) have since on the recommendation of the Bengal Retrenchment Committee decided to close the Chinsura School, since it appears that full advantage has not been taken of the facilities offered by the school.

The scheme for agricultural education referred to in the resolution recorded on the report for the year 1921-22 was not proceeded with as there was no likelihood of funds being obtainable. For similar reasons the proposed Agricultural Institute at Dacca was not proceeded with. This is not to say that the Agricultural Department and the Government of Bengal have lost sight of the importance of agricultural education either in its more elementary form as at schools such as the report mentions as existing in Manarpur (Burdwan) and Durgapur (Chittagong) or Dacca, or in its more advanced form as contemplated in the proposed Agricultural Institute at Dacca, and it is to be hoped that it will be possible to take up these questions in the near future. Mere theoretical training will not commend itself and any scheme of agricultural education to prove acceptable must be such as to direct students back to the land and the practical pursuit of a profession on lines which it will first be proved are profitable.

4. Satisfactory progress continued to be made in the research side of the department. The evolution of improved races of jute and the reaffirmation of the values of previous discoveries in regard to jute, some of which had begun to be challenged, naturally received special attention, but investigations were also carried out in hemp, flax and other fibres. At present D. 154 is the standard departmental race of *C. capsularis* and the best yielder. Two other races D. 27 and 39X, a hybrid, are also under trial. Over 600 single plant cultures of *C. capsularis* were made during the year with the object of improving on D. 154. Work on *chlorosis* in jute in collaboration with the Economic Botanist was continued. Results obtained by crossing *chlorotic* with non-*chlorotic* races of *C. capsularis* have so far indicated that the *chlorotic* tendency is more extensively inherited through the female than the male plant.

The question of the superiority of departmental races of jute in fibre and spinning qualities over local races came under discussion with the trade during the year. Arrangements have been made for the conduct during the present year of a series of field tests in the Eastern and Northern Bengal districts with the departmental races of R. 85 and D. 154 and *Funduk*, a variety which is believed to be of a very high quality by the trade.

The Bengal Chamber of Commerce has nominated a committee to co-operate with the department in these matters and to advise it in regard to the requirements of the trade. The Government of Bengal (Ministry of Agriculture and Public Works) are gratified to notice the interest which the departmental races of jute have roused, and will await the result of the field tests undertaken by the department.

The report of the Committee appointed to devise ways and means to eradicate the weed *Hyacinth* was received and considered during the year. The members of the committee were unable to come to a unanimous conclusion on the important question of the measures to be taken for the eradication of the weed. They did, however, reach a unanimity about the efficacy of the spray, the use of which was given by its inventor, Mr. T. S. Griffiths. Experiments conducted on a small scale at Dacca under the supervision of the experts of the department afforded grounds for the use of the fluid used by Mr. Griffiths, although harmless to human

beings and animals, resulted on application in the destruction of the water-hyacinth. As the Government of Bengal were of opinion that no possibility of securing an efficacious means of dealing with the pest should be neglected they decided to follow up their previous experiments and to endeavour to obtain some conclusive result. Communications were accordingly addressed to Mr. Griffiths as a result of which he offered the use of his spray to this Government for a period of three years for a payment of £1,500 with the option to purchase all rights in it in Bengal for a further payment of £6,000 at the end of three years if this Government were fully satisfied with their experiments during that period. The Government of Bengal (Ministry of Agriculture and Public Works) are satisfied that the offer is reasonable and have accepted it.

5. As usual, rice continued to receive particular attention in the Botanical Section, though minor investigations were also carried out in cotton, pulses and oil seeds. Varietal tests in a record season at Dacca and in an unfavourable season at Chinsura have again proved the superiority of *Indrasail* and *Dudshar* paddy, whilst *Kataktara* is still without a rival in Eastern and Northern Bengal as a high land broadcast *Aus* rice.

Amongst *Rabi* crops a number of pure races of *Matikalai* with promising qualities have been selected.

The Second Economic Botanist is in charge of the investigations into cotton, deep-water paddy, pulses and oil seeds.

The cotton survey of the province is still being conducted. It is estimated that the total area under cotton in Bengal is 60,000 acres, of which 5,000 acres are ordinary cotton and the remainder is *Comillas*. It is interesting, even if it may not prove to be important, that types of cotton answering Roxburgh's description of Dacca muslin cotton have been discovered at Dewa⁴⁷ (Mymensingh) and Rangpur.

6. In the Classical section special attention was given to sugarcane, date-sugar and tobacco. Although the drought in the early part of the year proved disastrous to the sugarcane crop it was not without its lesson, as it demonstrated the exceptional drought-resisting capacity of the departmental race of *Tanna*. Two other new Coimbatore hybrid races, viz., Madras Nos. C.213 and C.214, have also been found to be good resisters of drought. They also promise to tiller better and to yield a purer juice. Experiments have shown that high glucose content of the juice of sugarcane grown on the red laterite soil of Dacca is due to the soil's deficiency in lime as well as to the lack of moisture which was hitherto believed to be the chief cause.

Manurial experiments with tobacco indicate that groundnut cake and fish manures yield good results.

7. Gratifying progress has been made with the programme of evolving an improved breed of cattle at the cattle-breeding station, Rangpur. The process of selection of cows has resulted in a marked improvement in their yield of milk so that the minimum standard of milk yield per lactation period of 300 days has been raised from 500 lbs. in 1920 to 1,500 lbs. in 1923. To-day the best cows at Rangpur are giving about 4,000 lbs. of milk per lactation. Attention is also being given to producing in larger numbers bulls of good stature and belonging to good milking strain. The object is distribution amongst owners of cows, for it has been proved at Pusa that it is through the sire that the milking strain passes. Selection work on the herd of Sindhi cattle at the Dacca Farm is in progress. The supply of cattle fodder which has an important bearing on the improvement of cattle has also been engaging the attention of the department. New fodder crops, both indigenous and exotic, are being tested with a view to ascertaining their value and giving the public the benefit of the results.

8. During the year an Agricultural Engineer with a special knowledge of irrigation was employed with the object of executing minor irrigation schemes for the improvement of agriculture in the Bankura, Birbhum and Midnapore districts. Apart from schemes under the Bengal Agricultural and Sanitary Improvement Act, 1920, there was a large number of co-operative irrigation schemes in the Bankura and Birbhum districts which called for the special attention of the Agricultural Engineer. Besides irrigation work a number of applications were received for the drainage or re-excavation of water-courses.

rivers and *bheels* under the Bengal Agricultural and Sanitary Improvement Act. It is hoped that if advantage is largely taken of the provisions of the Act much benefit from the sanitary as well as the agricultural point of view will result.

9. As already indicated agricultural associations play an important part as a link between the department and the *raiyats*. They also afford a real test of the interest taken by the public in the welfare of the agricultural population. Noteworthy among these associations are those of Nadia, Birbhum, 24-Parganas, Pabna and Rangpur. Agricultural associations run on co-operative lines have great possibilities and the distinguishing merit of self-help. In Pabna an innovation has been made in the establishment of agricultural co-operative societies with small areas for the demonstration of improvements and the production of seed of departmentally selected crops. A further experiment in collaboration with the co-operative department is the proposed establishment of societies for the purchase and sale of jute seed with the object of developing reliable private agencies for the propagation of improved seed under the expert advice of the Agricultural Department.

10. Mr. P. C. Chaudhury, Deputy Director of Sericulture, Bengal, assisted by two Superintendents was in charge of seed cocoon production during the year. Miss Cleghorn also continued to work at Alipore. The total receipts from the nurseries amounted to Rs. 61,188 against Rs. 59,381 and the expenditure to Rs. 1,81,254 against Rs. 1,62,460 in the preceding year. It is, of course, not to be expected that the receipts should cover all the expenditure, since the object is to revive the industry by popularising disease-free seed. The falling off in receipts is, however, unfortunate. The receipts should go on increasing until the loss to Government becomes very much less than at present. The falling off is attributed to the shortage in cocoon production resulting from abnormal weather conditions such as drought, flood, etc., as well as to the heavy budget curtailment at the end of the year which necessitated the practical abandonment of the *Maghi* programme. Nevertheless, there was a marked advance in placing the work of this section on a sounder basis than before. It has now been definitely decided that in present circumstances hybridization should be abandoned as unlikely to produce good results. Results of manual experiments too indicate that the yield of leaf is capable of a large increase, and formalin, which is at present used as a disinfectant, is being tentatively replaced by a substance called "E.C." invented by Mr. Hutchinson, the Imperial Bacteriologist. "E. C." has been found to be far more powerful and also less costly than formalin. The multiplication and distribution of disease-free seeds are still the main items in the programme of the Sericultural Department, and the encouragement of selected rearers to produce seeds under departmental supervision is so far shown to be sound. The Bengal Silk Committee was reconstituted at the close of the year so as to secure the representation of the silk trade, both European and Indian, and the cocoon rearers and silk reeler in that body, but so far no meeting of the Committee has taken place.

11. The Hon'ble Minister has much pleasure in acknowledging the services of Mr. Finlow, Officiating Director, for his administration of the department whose services Mr. Finlow has brought to notice. The Minister also takes this opportunity of placing on record his appreciation of the assistance rendered by Mr. G. S. Dutt, I.C.S., and Mr. Perjee Bahadur in the agricultural development of the Bankura

order of the Government of Bengal

(Ministry of Agriculture and Public Works).

CIRCULAR ORDER No. 5 of 1924.

CRIMINAL.

It having been brought to the notice of the High Court that considerable inconvenience is caused to the Government Telegraph Check Office, Calcutta, in consequence of clerks attached thereto being summoned from time to time by criminal courts to attend those Courts to produce draft messages and to give evidence in cases in which draft messages are required for examination, the following instructions are issued for the guidance of the subordinate criminal courts:—

(a) Section 95 of the Code of Criminal Procedure lays down the procedure in regard to the production of Post office or Telegraph office records before courts of criminal jurisdiction. Sub-section (3) of section 94 of the Code expressly exempts letters, telegrams and parcels in the custody of the Postal or Telegraph authorities from the operation of sub-sections (1) and (2) of that section and a Court desiring the production of any such letter or telegram must proceed under section 95. The intention of this section appears to be that an officer should be deputed by the court concerned to the office where such letter or telegram may be, and that the Postal or Telegraph authorities should be directed to make over the document to the officer so deputed, who will then be in a position to prove that the document was produced from the custody of the Postal or Telegraph authorities.

(b) The attendance of Telegraph office clerks should be required only if they are in a position to prove the handwriting of the message or otherwise identify the writer or person who handed it in for transmission or to give material evidence on other relevant matters which cannot be proved from other sources.

3. Rent-free holders, whether of the degree of raiyat or landlords, shall pay the whole of the landlords' share for their lands.

4. As between the different grades of landlords, the landlords' share shall be apportioned thus :—

(a) permanent tenure-holders whose rent or rate of rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them.

(b) Other permanent tenure-holders and temporary tenure-holders whose lease has over fifteen years to run shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth.

(c) Temporary tenure-holders whose lease has fifteen years to run shall pay fifteen-sixteenths of the share they would pay in accordance with (b) above if they were permanent tenure-holders and, so on, proportionately according to the number of years of the lease to run.
